Mike-

We are thrilled to be in your stores!

Here is what we will agree to for our initial season.

53 margin for the season

\$13,000 co-op contribution for the spring catalog.

Additional dating for your new store orders.

I spoke with Tracy and she felt that Phoenix had agreed to 120 day for new stores. I trust this is acceptable.

Lastly, I have a belt that goes back to the Cannes and the San Tropez....I will get you a sample to look at quickly....I hope you can add it and feature it in the Spring mix.

We are anxious to begin.

Regards,

Dan Butler
