GLENN ON BEHNAZ BEFORE:

I've seen her in magazines, and she is a very attractive woman.

THE MAKEUP: I filled in her eyebrows, smoothed her lips, and added highlights. I smoothed her skin to give her rouge a nice blended rouge look, smoothed her chin, and took out the frizzies in her hair. I even made her ear smaller because I wanted symmetry. Halle Berry is said to have one of the most beautiful symmetrical faces and, being an artist, I know where the top of the ear should hit the eyebrow. The symmetry adds to her glamour.

THE GLOW: I gave her a nice warm glow, like she has a bit of a tan.

THE GLAMOUR QUOTIENT: The overall effect is pretty fabulous. She was already a great-looking girl. Now she looks very glamorous.
